

Cork Music Collective Policies

1. **Payment:**

- There are two options for payment:
- a) You can pay every 10 weeks This would mean three payments in the year. (30 weeks)
- b) You can take the year's payment and pay in 12 affordable monthly payments via standing order. (Contact me if this is an option you would like to use.)
- I accept **cash, cards, cheques and standing orders.**
- **Payment must be made within the designated payment week.**

2. **Missed Lessons:**

- **If your child is ill at all, please do not send them for their lesson or they will be sent home.** I have created two make up weeks to allow for a lesson to be made up if missed. This is limited to two lessons in the year.
- **Cancellations will not be refunded.** You will have the opportunity to make up the missed lesson in the make up weeks.

3. **Practice:**

- In order for your child to progress, he or she needs to practise for at least 15 minutes per day. **This will largely come down to you creating the routine.** Please spend some time creating a time daily for your child to practise without distraction.
- Practice through the summer is VITAL. 15 minutes per day is all that's required to reinforce those new neural pathways we've created. If your child seems unenthusiastic, consider buying a new book or downloading a piece from the internet - or going to see a concert!
